INTRODUCTION

Conference Objectives:

The aim as well as objective of ICSTMH 2017 is to present the latest research and results related to Science, Technology, Management and Humanity. This conference provides opportunities for the delegates to exchange new ideas face-to-face, establish research or business relations as well as find global partners for future collaborations. We hope that the conference results will lead to significant contributions to the knowledge in these fields. All submissions will be peer-reviewed. All accepted papers will be published in the conference proceedings on our website and in any of the international reputed Journal

Who should attend?

- Graduate & Postgraduate students
- Faculty Members & Researchers
- Analysts & Managers
- Policy Maker and General Public
